## LITERACY

**DEMONSTRATED SCHOOLWIDE ACADEMIC GROWTH**

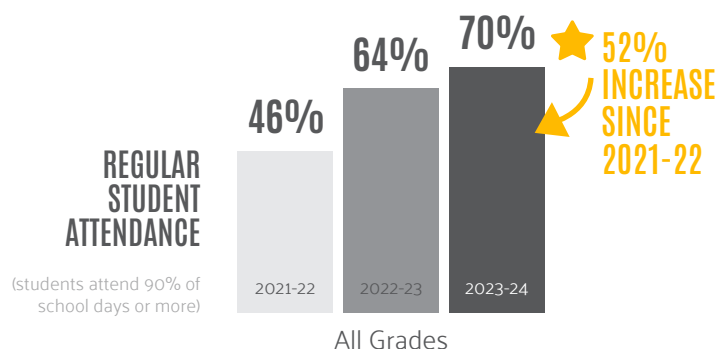

“One of our school families was homeless and persistently trying to find a place to live. Once they found an apartment, they were unable to afford new beds. I connected them to the Salvation Army which was able to provide them with a full-size bed. The family grew to trust me and believed in my ability to help them with some of their needs. Soon after, the family moved to another school in the Allentown School District and I was able to connect the family with the Community School Coordinator at their new school and ensured that they too would also be able to help them.”

– Denasia Mosteller,  
Hays Community School Coordinator
